

Albert Einstein Healthcare Network's Multidisciplinary Conference & EXPO for Child Development

Thursday, June 3, 2010: 8:30AM-3:30PM

Academy of Natural Sciences Museum, Philadelphia

6 ACT 48 Hours and CME offered

\$60 per person registration

Act 48 is provided for instructional certificate holders for an additional \$10 fee.

Child Development EXPO open to the public with museum admission.

A multidisciplinary event for all medical, educational, and therapeutic professionals: sharing knowledge, resources, and city-wide networks pertaining to children.

This conference is designed for a broad audience and will stimulate learning about

- Cutting-edge research and support initiatives associated with special education, Autism, Dyslexia, ADHD, Auditory & Sensory Processing Disorders, and inclusion.
- Crucial family support systems, including government agencies, access and transition services, and social service care-giver options.
- City-wide service providers: agencies, practitioners, suppliers of educational, medical, and therapeutic devices for children, and other essential child development networks for families.

Morning Keynote address by Barry S. Zuckerman, MD, the Joel and Barbara Alpert Professor of Pediatrics and Public Health at Boston University School of Medicine and Chief of Pediatrics at Boston Medical Center. He is co-founder of *Reach Out and Read*, a national childhood literacy program, and has authored more than 200 publications on children's health and development.
